Verona Pharma Files Registration Statement for Proposed Global Offering

4 April, 2017, London - Verona Pharma plc (AIM: VRP.L) ("Verona Pharma"), a clinical-stage biopharmaceutical company focused on developing and commercialising innovative therapeutics for the treatment of respiratory diseases with significant unmet medical needs, announced today the filing of a registration statement on Form F-1 with the U.S. Securities Exchange Commission ("SEC") relating to a proposed initial public offering of its American Depositary Shares ("ADSs"), representing ordinary shares, in the United States and a proposed concurrent private placement of its ordinary shares in Europe and other countries outside of the United States and Canada (together, the "Global Offering"). All ADSs and ordinary shares to be sold in the Global Offering will be offered by Verona Pharma. The number of ordinary shares to be represented by each ADS, the number of ADSs and ordinary shares to be offered and the price range for the Global Offering have not yet been determined. Verona Pharma has applied to have its ADSs listed on the NASDAQ Global Market under the symbol "VRNA". Upon completion of the Global Offering, Verona Pharma's ordinary shares will continue to be admitted to trading on the AIM market of the London Stock Exchange under the symbol "VRP".

Jefferies and Stifel are acting as joint book-running managers for the Global Offering. Wedbush PacGrow and SunTrust Robinson Humphrey are acting as co-managers.

The Global Offering will be made only by means of a prospectus. When available, copies of the preliminary prospectus relating to and describing the terms of the Global Offering may be obtained from the offices of Jefferies LLC, Attention: Equity Syndicate Prospectus Department, 520 Madison Avenue, 2nd Floor, New York, NY 10022, or by telephone at (877) 547-6340, or by e-mail at Prospectus_Department@Jefferies.com; or from Stifel, Nicolaus & Company, Incorporated, Attention: Syndicate, One Montgomery Street, Suite 3700, San Francisco, California 94104, or by telephone at (415) 364-2720, or by e-mail at syndprospectus@stifel.com.

A registration statement relating to these securities has been filed with the SEC but has not yet become effective. These securities may not be sold, nor may offers to buy these securities be accepted, prior to the time the registration statement becomes effective. This press release shall not constitute an offer to sell or the solicitation of an offer to buy these securities, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About Verona Pharma plc

Verona Pharma is a clinical-stage biopharmaceutical company focused on developing and commercializing innovative therapeutics for the treatment of respiratory diseases with significant unmet medical needs. Verona Pharma's product candidate, RPL554, is a first-in-class, inhaled, dual inhibitor of the enzymes phosphodiesterase 3 and 4 that acts as both a bronchodilator and an anti-inflammatory agent in a single compound. In clinical trials, treatment with RPL554 has been observed to result in statistically significant improvements in lung function as compared to placebo and has shown clinically meaningful and statistically significant improvements in lung function when added to two commonly used bronchodilators as compared to either bronchodilator administered as a single agent. RPL554 has also shown anti-inflammatory effects and been well tolerated in clinical trials. Verona Pharma is developing RPL554 for the treatment of chronic obstructive pulmonary disease (COPD), cystic fibrosis, and potentially asthma.

Forward Looking Statements

This press release contains forward-looking statements. All statements contained in this press release that do not relate to matters of historical fact should be considered forward-looking statements.

These forward-looking statements are based on management's current expectations. These statements are neither promises nor guarantees, but involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance or achievements to be materially different from our expectations expressed or implied by the forward-looking statements, including, but not limited to, the development of DPI and MDI formulations of RPL554 and the potential for these formulations to increase the market opportunity for the product, if approved.

These and other important factors could cause actual results to differ materially from those indicated by the forward-looking statements made in this press release. Any such forward-looking statements represent management's estimates as of the date of this press release. While we may elect to update such forward-looking statements at some point in the future, we disclaim any obligation to do so, even if subsequent events cause our views to change. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the date of this press release.
